Homestay

*Experience typical Australian family life
Improve your English by speaking with
your host family every day.*

Fantastic families

Families are carefully selected for their warmth and genuine interest in the student's wellbeing.

Quality standards

We have a dedicated Homestay Coordinator who ensures that our students are always well looked after. We regularly inspect homes to ensure that the high standards are maintained. We actively collect feedback from all students about their stay with their host family to ensure that they feel comfortable and welcome.

Location

All homes are located close to public transport and usually 35 to 60 minutes' travel time to the college.

Facilities

The student's bedroom will be furnished with a single or double bed, a wardrobe, a dressing table or chest of drawers, adequate lighting and a desk. If there is no desk in the bedroom students will have a space elsewhere in the house where they can study comfortably.

Internet

Internet access will be made available to students at the homestay but usually at extra cost. All students will have free unlimited internet access from our computer lab and WiFi service at school.

Other students

Most host families only accommodate one student but some families welcome 2 or more international students. When that's the case, we will make sure that there are no other students of the same nationality / mother tongue in the household.

Laundry

Bed linen and towels are provided and washed by the host family. The student's clothes will be washed together with the family wash.

Extra
services

Meals

The Globetrotter package price includes:

- › Breakfast every day
- › Lunch on the weekend
- › Dinner every day

Lunch on weekdays:

Students generally purchase their lunch from a local food court opposite the school on weekdays. This allows them to choose their meal according to their own preference, to practise their English and to develop their independence. The school features a kitchen area students can sit in to enjoy their lunch together.

Packed lunches on weekdays:

Alternatively, we also offer the option of daily packed lunches prepared by the host family (usually a sandwich and piece of fruit). This needs to be booked as an optional extra service.

Sunday full day tours

Sundays

Free day to relax

None of our packages include any classes or activities on Sundays. This means that, by default, Sundays are free days for students to relax.

Optional full day tours outside of Sydney

As an optional extra, on some set Sundays over the course of the Junior Program, ELC offers full day excursions to popular tourist destinations, 2-3 hours drive from Sydney. These day trips are a fantastic opportunity to expand the student's experience of Australia.

Our group of participants will be picked up and driven via a chartered bus and the full day will be co-led by a professional tour guide and an ELC group leader.

Students should expect a day packed full of fun and amazing sights, with a very early morning start (typically 7:45am meet up time at school) and a late return (around 7pm).

Airport drop off upgrade options on departure day

Regular airport drop off service included in the Globetrotter package

As part of our package D - Globetrotter services, our drivers drop students off at the departure terminal express drop off bay 3hrs prior to their flight departure time. The Sydney Airport departure terminal is very easy to navigate and our driver will make sure to drop students off just outside of their airline counters. It is typically only a 20-metre walk from where our driver will drop them off to their airline's check-in counters.

This service is included in the Package D - Globetrotter price and is the preferred option for most families.

However, 2 upgrade options are available if required:

Upgrade option 1

Assisted airport drop off service

STUDENTS TAKEN TO THEIR AIRLINE COUNTER

For families who feel the need for the student to be accompanied all the way to the right check-in counter, the assisted airport drop off service is available as an optional extra.

When this extra service is requested, our driver will park at one of the airport car parks and walk with the student all the way to their check-in counter, introducing them to one of the airline staff and ensuring they are in the right check-in lane, before they leave the airport.

Upgrade option 2

Custom airport drop off service

CUSTOMISED SERVICE BASED ON AIRLINE REQUIREMENTS

In case students are flying using their airline's Unaccompanied Minor Service, ELC requires parents to confirm with the airline what will be requested from our driver at pick up and drop off time.

In case the airline requires more than is included inside our regular pick up service and/or the Assisted airport drop off service (such as the driver needing to stay at the airport for several hours until the return flight has taken off), a custom service may be organised, but this may be at a significant additional price, to account for staff time and airport parking fees.
