Hello!

Welcome to ELC

Thank you for choosing to study at English Language Company. We hope that you have a fantastic time in Australia and that you enjoy your studies and make a lot of progress in English.

Studying and living in another country is sometimes challenging, especially when you first arrive. However, you will be able to use your English all the time and will soon feel more comfortable and confident. Australians are very friendly and you will always find someone to talk to and to help you. Our students come from many different countries so you are sure to make good friends from all over the world here – but only if you speak English all the time!

If you need help with anything please talk to one of the ELC team. We are here to make sure that you have the best experience in Australia. We're looking forward to getting to know you.

Information for student visa holders

ATTENDANCE →

If you have a student visa you are required by the Australian Government to attend a minimum of 80% of your classes. If your attendance falls below 80%, ELC may be required to inform the Australian Government that you have not met attendance requirements.

Current attendance = Your attendance now as a % of the weeks you have completed

Overall attendance = Your attendance now as a % of the total length of your course

What happens if your attendance is not satisfactory?

1. **Current attendance below 90%** > receive a friendly reminder.
 2. **Current attendance below 85%** > receive a friendly reminder.
 3. **Overall attendance below 90%** > receive first warning letter.
 4. **Overall attendance below 85%** > receive second warning letter and attend an academic counselling meeting.
 5. **Overall attendance below 80%** > receive intention to report letter. We will advise you that we intend to report you to the Australian Government.
- > Appeal? On receipt of the intention to report letter you may make an appeal through ELC's complaints and appeals process within 20 days. Make an appointment with the Director of Studies to discuss this. You may bring a support person with you to this meeting.
 - > If your appeal is not successful, ELC will report you to the Australian Government. This may result in the cancellation of your student visa.

PROGRESS →

ELC is required by the Australian Government to check that you are doing well with your studies. You will make good progress if you use English as much as possible, participate actively in classes and complete all of your tests, homework and class activities.

Every 5-6 weeks your teacher will complete a progress check for you and give you the opportunity to have a tutorial to discuss your progress. Progress assessment includes speaking, listening, reading and writing skills as well as grammar and vocabulary. It is based on your weekly test results, classroom participation and homework as well as formal assessment.

1. If your teacher thinks that you are not making satisfactory progress he/she will meet with you to discuss your progress or ask you to talk to the senior teacher. You may be given the chance to move to a more suitable class or to complete extra activities to help your progress.
 2. If your course progress does not improve during the next course module, ELC will issue you with a letter of warning and ask you to discuss your progress with the Director of Studies. ELC will continue to do everything we can to help you make satisfactory progress.
 3. If you still do not make satisfactory progress during your next course module, ELC will issue you a letter to inform you that we intend to report you to the Australian Government.
- > On receipt of this letter you may make an appeal through ELC's complaints and appeals process within the next 20 days. You will need to make an appointment with the Director of Studies to discuss this. You may bring a support person with you to this meeting.
 - > If your appeal is not successful, ELC will report you to the Australian Government. This may result in the cancellation of your student visa.

See ELC's attendance and progress policy [here](#).

APPEALS →

If you have received a letter of intent to report you to the Australian Government for unsatisfactory attendance or course progress, you have the right to appeal this decision within 20 days.

ELC can only consider an appeal if there are 'compassionate and compelling circumstances' for your low attendance or unsatisfactory progress. Such as:

- > a serious illness or medical emergency for which you can provide medical certificates
- > close family trauma about which statements from family members can be provided

If your attendance is below 70% no appeal can be considered and you will automatically be reported to the Australian Government. This may result in the cancellation of your student visa.

How to make an appeal **Internal appeal**

- 1.** Make an appointment with the Director of Studies. You may bring a support person (e.g. a friend) to this meeting with you.
- 2.** The Director of Studies will explain to you how your attendance or progress has not met requirements and present documentary evidence of this.
- 3.** You will be given the opportunity to explain why you wish to appeal this decision and may be asked to provide documentary evidence to support this.
- 4.** You will be informed of the outcome of the appeals process within 5 days.
- 5.** You should continue to attend all of your classes during this time.
- 6.** If your appeal is successful you must continue to meet all course attendance and progress requirements.

External appeal

- 1.** If you do not attend your appeal meeting; you do not access the complaints and appeals process within the 20-day period given; you withdraw from the process or if your appeal is unsuccessful, you will be advised of the availability of an external appeal through the Overseas Students Ombudsman.
<https://www.ombudsman.gov.au/>
- 2.** If you do not access this external appeal within 5 days, ELC will report you to the Australian Government.
- 3.** If you access the external appeals process, you will be required to maintain your attendance for the duration of the appeals process.
- 4.** If the external appeal process is unsuccessful for you, ELC will report you to the Australian Government.
- 5.** If the external appeal process is successful for you, ELC will not report you to the Australian Government. However, you will be required to meet all attendance and course progress requirements for the remainder of your course.

- › Comply with ELC's health and safety policies and procedures
- › Cooperate with any health and safety instructions given by a staff member
- › Report anything you notice in regard to health and safety to a staff member
- › Behave in a way that your actions prevent personal injury or injury to others and damage to the property

Smoking

Smoking is not permitted anywhere within the school or outside the front doors.

Alcohol

You cannot bring alcohol on to the school premises. If any staff member believes that a student is under the influence of alcohol then they will ask that student to go home.

It is important that you take care when you are socialising in the evening. Avoid excessive drinking in public; take care when travelling home in a taxi when under the influence of alcohol – always try to share a taxi with a friend; do not leave your drink unattended in a bar where your drink could be 'spiked' with drugs.

Drugs

You cannot bring drugs onto the school premises. If any staff member believes that a student is under the influence of drugs or has drugs in their possession the student will be required to leave the premises immediately. Their course may be terminated by ELC. If an accommodation manager believes that a student has drugs in their possession at the house/apartment, they may ask the student to vacate the accommodation immediately.

Safety

For more information about how to stay safe in Sydney and how to report a crime please see:

<https://www.study.sydney/live/safety>

<https://rlc.org.au/i-need-legal-help/self-help-information/international-students>

Unacceptable behaviour

Any student behaviour which affects the ability of other students to study and live in a safe and pleasant environment will not be tolerated. Should ELC believe that other students are at risk at school or in student accommodation, the offending student's enrollment will be terminated. If you feel unsafe in your accommodation or at school for any reason, please tell our students services team. Any information you provide will remain confidential.

See [here](#) for details of ELC's Code of Conduct.

Homesickness and culture shock

It is very common when living or travelling in a different country to experience feelings of homesickness and culture shock. These may not happen for several weeks or even months. Symptoms may include:

- › a feeling of sadness, loneliness and confusion
- › headaches, pains, and allergies
- › sleeping difficulties
- › feelings of anger, depression, vulnerability
- › the smallest problems seem overwhelming
- › feeling shy or insecure
- › obsession with cleanliness or health
- › overwhelming sense of homesickness
- › questioning your decision to move to this place and idealising your own culture

If you are experiencing any of these symptoms please:

- › Come and talk to our student services team
- › Talk to your classmates about your feelings as you may find others feel the same
- › Join social activities at school
- › Make sure you get fresh air and exercise
- › Talk to your family and friends at home
- › Access mental health services: <https://www.study.nsw.gov.au/current-students/staying-healthy-and-safe/mental-health/>

If you are worried about your health or wellbeing please see our welfare counsellor. We can assist you to contact health professionals.

Feeling unwell

Please stay home from school if you are experiencing any flu-like symptoms. You can report your illness on our app. Contact reception for a current list of useful contact numbers for doctors and dentists.

Emergencies

- › If you experience an emergency at school you should notify any staff member or call reception on 9267 5688.

- › In the case of any emergency, follow all instructions given by ELC staff.
- › Please make yourself aware of your nearest emergency exit.

- › To call emergency services dial 000 and ask for fire, ambulance or police.
- › If you are injured or taken suddenly ill it is vital that you seek first aid treatment. Contact reception or any staff member. ELC has first aid officers on site who will attend to you. If an injury is serious, expert medical assistance should always be sought as soon as possible.

Medical care

Our receptionist will be happy to help you find a doctor close to your home or ELC.

OVERSEAS STUDENT HEALTH COVER (STUDENT-VISA HOLDERS)

- › If you have Overseas Student Health Cover insurance with Allianz (organized by ELC), your insurance card will be available from ELC reception about a week after you start your course. To find a doctor, you can visit their website <https://www.allianzcare.com.au/en/student-visa-oshc.html> and enter your postcode for a doctor near your home, or the postcode for ELC (2000) to find a doctor near the school.

Who to talk to:

Please make an appointment to talk to our Student Services team if you:

- > want to extend or change your accommodation booking
- > need help finding new accommodation
- > have a problem with your accommodation

Food

You will get breakfast and dinner Monday to Friday with breakfast, lunch and dinner at the weekends.

Breakfast

Usually you'll help yourself to breakfast cereal, toast, tea, coffee or juice. Please tidy up after yourself and wash your bowl.

Lunch

During the week you are expected to buy your own lunch. At the weekends sandwiches are common for lunch and you will usually be able to make these yourself at home.

Dinner

Australians eat a wide range of different foods. Please be prepared to try some different foods but do tell your family if there is anything that you don't eat. Please tell your host family if you are not coming home for dinner.

Showers & the bathroom

You will share a bathroom with the family. It is normal in the mornings to spend only about 5 minutes in the shower. There may be several people in the house who need to get ready for work or school at the same time.

Laundry

In some cases, you can put your clothes in with the family wash. In others, the family will ask you to wash your clothes yourself. You will always need to do any hand-washing, dry-cleaning or ironing yourself.

Using the phone

Please ask your family's permission before making a phone call. If you are making a local phone call please give your family 50 cents. If you are calling overseas we suggest that you use free apps such as Whatsapp, Messenger, Zoom on your mobile phone.

WiFi

If you chose to share internet access with your host family, your host will charge \$10 per week. You can use the internet for browsing, emailing and chatting; however, streaming/downloading are generally not allowed.

Your room

Your bedroom will be furnished with a single bed, a wardrobe, a dressing table or drawers, adequate lighting and a desk (or if there is no desk in the bedroom you will be able to use one elsewhere in the house). You are responsible for keeping your room clean and tidy.

Communication with the family

It is unusual for families to have anyone working for them to cook or clean. If you offer to help from time to time with small things such as unloading the dishwasher or cleaning the table after dinner, your family will really appreciate it and it is a good time to chat with the family.

Travelling to school

Your host family will tell you the best transport route to ELC. Please note that it is usual to commute for 35-60 minutes.

Moving out

If you decide to move out of your homestay accommodation early you will need to give 2 weeks' notice to ELC. We will inform your host family and arrange any refund.

Problems?

If you are not happy in your homestay please contact our Accommodation team.

Finding your own accommodation

If you are looking for a shared house or apartment you can visit:

www.gumtree.com.au
www.rent.com.au
www.flatmates.com.au
www.universityliving.com/australia/sydney/property/falcon-lodge
www.iglu.com.au/sydney/
www.accommodationforstudents.com/canterbury
www.uko.com.au/
www.ume.com.au/

One of the main things to consider when looking for accommodation is location. You must think about how close it is to the school, what the public transport is like, the cost of public transport and how safe the area is. Look at: <https://flatmates.com.au/info/where-to-live-in-sydney> to research suburbs in Sydney.

If you need some help finding your own accommodation please see our student services team.

Please take care when searching for your own accommodation. Beware of scammers. These are people who trick you into believing that they are looking for a roommate when they are actually trying to get your bank details to steal money from you.

- › Never pay money or give any identification details to anyone before meeting them.
- › Remember that scammers can be anyone – girls/boys with nice photos and a believable story.
- › Never pay any money before you have seen the apartment.
- › If someone asks you to send money to yourself through Western Union in order to prove that you have funds – don't do it. Someone else can pick up this money with a fake ID before you go to retrieve it.
- › Report a suspicious user or email through the feedback page of the website you are using.

Arriving in Australia

Planning your trip

Passport and visa

In order to enter Australia you must have a valid passport and visa. You should check that your passport is valid for the entirety of your stay in Australia and that you have the appropriate visa.

For information from the Australian government look at <https://www.homeaffairs.gov.au/>

What to bring with you on the flight

- › Passport
- › Letter of Offer / Confirmation of Enrollment (from ELC)
- › Airport Transfer Confirmation (if you asked ELC to organise this for you)
- › Contact information for your accommodation
- › Travel insurance document
- › Small amount of Australian currency
- › Cash / Credit / Debit / Travel money card
- › Electronic equipment (phone, laptop, camera etc.)
- › Travel adaptor
- › Pen
- › A change of clothes
- › Prescription medication and the necessary paperwork

Clothes

Please check what the average temperature will be in Sydney when you arrive. Sometimes students think that Sydney is always hot but if you are here from June to October you will need some warm clothes.

What's the weather like?

Mobile phone

You can bring your mobile phone and buy a SIM card when you arrive in Sydney (remember to contact your operator before leaving your home country to have your phone unlocked). There are three main mobile or cell phone networks in Australia operated by Telstra, Optus and Vodafone.

There are phone shops at the airport and in almost all shopping centres. If you buy your SIM at a phone shop, they will register and activate it for you. You will need to show your passport when you buy a SIM card.

If you buy a SIM with a pre-paid credit limit (probably the cheapest option), you can recharge online or buy recharge cards at any supermarket or post office.

Laptop

If you have a laptop you will be able to use this at school and in class using ELC's WiFi. Please bring your laptop if you would like to receive an ebook for your course.

Money

You will need to bring cash and a credit or debit card. You can also use a Travel Money card if these are available in your home country. You can open a bank account in Sydney when you arrive. This is easy to do and ELC can help you.

You can calculate your living expenses in Sydney [here](https://www.elc.edu.au).

Arriving at Sydney international airport

Step 1- Immigration

If you have an e-passport, citizens of some countries can use the fast Smartgate to go through immigration.

<https://www.abf.gov.au/entering-and-leaving-australia/smartgates>

If not, you will need to show your visa and passport to an immigration official and they may ask you some questions, for example:

- > How long are you going to stay in Sydney?
I'm going to stay for 3 months.
- > What are you going to do here?
I'm a student.
- > Where are you going to study?
English Language Company.
- > What are you going to study?
English.
- > Where are you going to live?
Give the address of your host family or student house.

Step 2 – Baggage collection

Now you can collect your bags (luggage) and walk through customs. You are not allowed to bring any food or drink into Australia.

Step 3 – Airport transfer

If you have asked ELC to arrange an airport pickup for you, please follow the instructions in your Airport Transfer Confirmation that ELC (or your agent) sent to you. Please wait for your driver. Don't walk around the airport because the driver will be looking for you. However, if you don't find the driver after some time, you should call the number provided in your Airport Transfer Confirmation.

If you have **not** arranged an airport pickup, then you have the option of using public transport or getting a taxi to your accommodation. You can plan your trip by public transport here: <http://www.transportnsw.info/>

Taxis are easily available at the airport. You can check the fare you should expect to pay here: <https://www.taxifare.com.au/> (note that you must write 'Sydney airport' in the 'from' box).

In most cases, you will need to take a train from the airport to the city centre and then either another train or bus to your accommodation. This can take a long time and be confusing if you have not been to Sydney before and we strongly recommend you consider a taxi.

If you would like to get an Uber check here for pick up information from the airport

<https://www.uber.com/global/en/airports/syd/>

Arriving at your accommodation

For homestay, your host family will be at home to welcome you.

For other accommodation please follow the instructions in your **Letter of Acceptance**. It is important that you print or have a digital copy of this with you when you arrive because it has instructions about how to enter your accommodation.

- > **From homestay:** Your host family will explain to you the best way to get to school from their house. You can also plan your journey here: <http://www.transportnsw.info/>
- > **For other accommodation:** If possible, ask another student from ELC at the accommodation if you can travel with them on your first day or plan your trip here: <http://www.transportnsw.info/>

here to
help you**
