

BSB50420
DIPLOMA

in Leadership and Management

Build on your existing leadership skills to become a valuable asset to any company.

As a mentor to others, you will develop critical thinking skills and emotional intelligence, and will learn to apply your knowledge and experience to unpredictable workplace issues.

You will expand your skillset to plan, implement and monitor your own workload and that of others, and provide support to individuals and teams.

Learning Outcomes

Through this course, you will gain fundamental skills and knowledge to:

- Influence and manage relationships
- Inspire and build teams
- Manage operations and lead initiatives
- Develop and implement business plans
- Mentor and lead professional development

Career Opportunities

Upon graduation, your newly acquired skillset means you could develop your career as a/an:

- Office Manager
- Operations Manager
- Business Development Manager
- Information Services Manager

Why choose ELC Career College?

As one of Australia's most established colleges, we know how to cater for all your needs.

- Over 35 years' experience teaching and supporting students, so you can feel confident you will be in good hands
- Ideal city centre location
- Large college premises with modern learning facilities and comfortable break out areas for eating, relaxing, socialising as well as quiet study
- Trainers highly experienced both in their area of expertise and teaching
- Courses custom-designed to focus on real-world career skills
- Unique methodology to keep you engaged and motivated
- Course package options for long-term study pathways
- Payment plans available to manage your budget
- Timetable options to suit your lifestyle

The experts in international education

ELC Career College has earned a reputation for delivering quality tuition in English and vocational education for international students. We have strategies in place to make it easy for you to achieve your further study goals, including:

- Course units carefully selected for a global audience
- Extra support and practical tasks to help you understand your lessons
- Trainers specialised in teaching non-native English speakers

Focus on 21st Century skills

All our courses are founded on the blend of 3 essential features

Workplace Communications

The verbal and written communication skills needed to do your job effectively, create a positive impression and make an impact.

Business Competence

The knowledge required to engage in, lead and manage the operations of a business.

Transferable Skills

Skills highly valued by employers that will give you an edge in whatever job you do.

Course Units

Module A - Lead & manage people performance

Unit Name	Unit Description
BSBCMM511 Communicate with influence	Gain the skills and knowledge required to present and negotiate persuasively, lead meetings effectively, and make presentations to various audiences with appropriate tone, structure and style of communication.
BSBLDR522 Manage people performance	Performance management and development are key requirements for effective managers and this unit will equip you with the skills and knowledge required to manage staff that report directly to you. Learn to allocate tasks, review performance, reward excellence and provide constructive feedback.
BSBLDR523 Lead and manage effective workplace relationships	Learn to establish, manage and review procedures to support effective workplace relationships, such as conflict management processes, strategies for collaboration, and procedures for escalating issues.

Module B - Develop critical thinking & use emotional intelligence

Unit Name	Unit Description
BSBCRT511 Develop critical thinking in others	Develop the skills and knowledge required to encourage critical and creative thinking skills, such as analysis, synthesis and evaluation of information. Learn to facilitate learning opportunities and improve thinking practices within your team by establishing a safe, supportive environment.
BSBPEF502 Develop and use emotional intelligence	Emotional intelligence is a highly sought-after skill. In this unit you will learn to use emotional intelligence to increase self-awareness, social awareness and relationship management. You will develop the skills to assess emotional strengths and weaknesses of individuals, identify potential stressors, and adapt your communication style to consider the emotional needs of others.
BSBTWK502 Manage team effectiveness	Develop the skills required to lead teams and actively engage with management regarding your team's results. You will learn to establish performance plans and goals for your team, facilitate cohesion by involving the team in planning and decision-making, and encourage team members to take responsibility for, and work together to achieve, their tasks.

Module C - Professional development & innovation

Unit Name	Unit Description
BSBPEF501 Manage personal and professional development	Learn to implement systems and processes to support the growth of yourself and others. Assist your team to establish work goals, plans and activities that align with their responsibilities and facilitate their access to development opportunities. Build your skills to maintain your own professional competence and engage in relevant training as required.
BSBSTR501 Establish innovative work environments	This unit will equip you with the key skills required to create a supportive environment where innovative work practices are implemented across the organisation. Learn to encourage creative mindsets, collaborative working and risk-taking to open up opportunities for innovation.
BSBFIN501 Manage budgets and financial plans	Develop the skills and knowledge required to undertake financial management for your team or your organisation. Learn to prepare and evaluate budgets, formulate contingency plans, implement processes to monitor expenditure and regularly assess the organisation's financial position.

Module D - Manage business & communication

Unit Name	Unit Description
BSBOPS502 Manage business operational plans	This unit will equip you with the skills and knowledge required to develop and monitor the implementation of operational plans to support efficient and effective workplace practices and ensure productivity and profitability of the organisation.
BSBOPS504 Manage business risk	Learn to manage business risks across an organisation, by establishing risk context, identifying and analysing risks and their likelihood, and implementing the most appropriate strategies for mitigation.
BSBTWK503 Manage meetings	Build your skills and knowledge to oversee meeting preparation, chair meetings effectively, organise minutes and report on meeting outcomes. Learn how to promote participation and discussion from your team and encourage creative suggestions for solving issues.
