Academic pathways

All higher and tertiary education institutions in Australia require international students to meet English requirements, usually by showing an IELTS test score. However, ELC also has agreements with many major universities and colleges who allow our students to enter directly into certificate, diploma, graduate and postgraduate programs without an IELTS test, providing you have successfully completed our English for Academic Purposes course at the appropriate level. For a full list of our pathway partners please see our website.

"When I first came to Australia I couldn't understand or speak English. I have made a lot of improvement here at ELC and the Academic English course I am currently doing has really helped me improve my formal English and business vocabulary. I have one year left at university and this course will really help me with my university course as it focuses a lot not just on communication skills but also areas like report writing, essay writing and presentations."

Academic counselling

If you haven't decided yet what degree or diploma course you would like to do, our academic counsellor will be happy to provide you with all the information you need to make the right decision and will also assist you with your application.
