University

GROUPS

ELC regularly welcomes groups of 18-22 year olds organised by their institution (college or university). In 2023, we celebrate 20 years experience teaching students of this age group daily and can offer them the perfect study environment.

Program inclusions

We can organise as little or as much as you would like us to, including:

- › English language Tuition
- › Accommodation
- › Airport transfer(s)
- › Social activities on weekdays
- › Social activities or trips on weekends
- › And more, such as transport cards

Tuition

Typically, groups of 18-22 year olds integrate into one of our adult programs. Depending on the profile, level and goals of our group, they may join our Intensive General English or our English for Academic Purposes course.

Students may join our international classes for either for 15hrs/w, 20hrs/w or 25hrs/w.

In addition to these, we can organise fully customised classes for your group, if they need to specialise in certain areas. We may offer customised group lessons in any language area, such as English for Business, for biology or aviation, and/or focus on specific skills, such as report writing or presentation skills.

Activities, visits and trips

Groups of 18-22 year olds typically join our regular social activity calendar, together with all international students.

However ELC can organise additional activities specifically for your group, either:

- › To make sure you group gets to see all the very best Sydney has to offer over a short stay
- › For your group to visit places of specific interest, such as a university campus, a science museum or a particular exhibition

Corporate

TRAINING

ELC has worked with a number of large corporations as well as smaller companies to offer specialist English language training to their team. English for Business in general is a very common request, but we have also provided fully tailored training in other areas, such as English for aviation, English for customer service or English for property management and sales.

Program inclusions

We can organise as little or as much as you would like us to, including:

- › English language Tuition
- › Accommodation
- › Airport transfer(s)
- › Activities and visits
- › And more, such as transport cards

Tuition

Depending on your group's level of English and how much specialised content is required, participants may either:

- › Integrate fully into one of our International courses: they will study General English alongside participants from all over the world
- › be taught as 1 closed group, with all course content fully tailored to their specific goals and needs.
- › Enjoy a combination of both: join an international class at their level 15-20hrs/w and then re-group for their own customised class 5-15hrs/w
